LINES DRAWN CLOSER

JAPANESE ARMY STEADILY APPROACHING INNER FORTS OF PORT ARTHUR.

ONLY A QUESTION OF HOURS

FALL OF BESIEGED RUSSIAN FORTRESS CANNOT BE MUCH LONGER DELAYED.

Shanghai, Aug. 24.—Reports of refugees from Port Arthur flocking to this port Tuesday indicate that the Japanese land forces Tuesday afternoon were moving on the heart of General Stoessel's left from the Etse mountain fort, and that a strong detachment of General Nogi's infantry was starting to the hills east of Ants mountain fort for an attack on the Russian center through a breach believed to have been made by artillery fire from Wolf hill. General Nogi's troops also were attacking Laoluchui fort from the heights sloping from Taku bay and were gaining on the center of the Russian right in a series of infantry rushes from Petous mountain. The Japanese had made gains of various importance along their whole front, and the fate of the fortress was believed to be a question of hours.

JAPS GET TWO FORTS

RUSSIAN POSITIONS AT PORT ARTHUR CAPTURED BY THE ISLANDERS.

Chefoo, Aug. 24.—A junk which left Liaothieshan promontory on Aug. 21 has just arrived here. She reports that the Japanese have succeeded in occupying Antseshan fort, as well as another fort, probably Etseshan, about a mile southwest of Antseshan. They have driven the Russians from the parade grounds, which lie about two miles north of the harbor; they have destroyed two forts at Chaohanko, which is within the eastern fortifications, and they have advanced to a point near Chaohanko.

This news confirms information received here previously and which the local Japanese were not inclined to believe. The junk heard firing until midnight of Aug. 22. Scarcely a building in Port Arthur remains undamaged. The town hall, which was used as a magazine, has been destroyed.

Four large warships unable to fight are at Port Arthur. Only one ship, a vessel with two masts and two funnels, has guns on board.

The fire of the forts not captured by the Japanese, together with the effect of land mines, is given as the reason why the Japanese have not yet captured the Russian stronghold.

THE FALL OF PORT ARTHUR.

Would Not Cause Surprise at St. Petersburg.

St. Petersburg, Aug. 24.—With all Russia hanging breathlessly on the fate of Port Arthur, even such a national event as the christening of the czarvitch is robbed of much of the prominence which would otherwise be accorded it. And St. Petersburg last night was dim and silent, with no sign of festivity.

Although the fairylike grounds of Peterhof palace are gay with flags and decorations in readiness for today's celebration and though the great palace is filled with distinguished guests, the scene is more one of a weighty international conference than that of a gathering of merry-makers.

The capital is filled with sinister rumors of Port Arthur's desperate straits. The superstitious are predicting the fall of the fortress on the day of the baptism of the czarvitch, but this easily is traceable to the fact that several big Russian reverses have occurred on Russian fete days.

It is reported that a message was received from General Stoessel last night which was sent from Port Arthur on the night of Aug. 22, by way of Chefoo, saying that a desperate assault by the Japanese had been in progress during the previous forty-eight hours. No confirmation of this report can be had. While the general staff

Does Not Conceal Its Anxiety, the best military authorities have not abandoned the hope that General Stoessel will be able to hold out.

This more hopeful view is somewhat borne out by an unofficial dispatch from Liaoyang, saying that in a two-days' assault on Aug. 19 and Aug. 20, the attackers, like their predecessors, were beaten off with heavy loss. The situation at Liaoyang itself is quiet, but the improving weather presages the renewal of military activity. It is believed that if General Kuropatkin is contemplating a diversion in favor of Port Arthur it will not be long delayed.

Conservative critics, while they are not chary in giving the Japanese due military credit for past performances, say in plain language that the pace is too fast to last and that every day General Stoessel holds out will render the Japanese position about Liaoyang more precarious. Even the most sanguine, however, admit the gravity of the situation from the Russian point of view and the most serious news

from the front would not be received with great surprise.

BUMPS AGAINST A MINE.

Russian Battleship Sevastopol Is Damaged.

Tokio, Aug. 24.—Admiral Kataoka reports that as the Russian battleship Sevastopol was emerging from Port Arthur Tuesday she struck a mine, after which she was seen to be listed to starboard. She was towed back into the harbor.

REPULSED WITH TERRIFIC LOSS.

Jap Attack Upon Port Arthur Unsuccessful.

Liaoyang, Aug. 24.—According to the latest information from Port Arthur a furious Japanese attack throughout Aug. 19 and 20 was repulsed with terrific loss. This news was received here with the greatest joy.

There has been no serious fighting in this section, but there has been a small skirmish at Anshanshan, where Japanese troops attacked a Russian outpost and were driven off with a loss of six killed.

Liaoyang has experienced two days of bright weather and there is a touch of autumn in the air. The rainy season has apparently terminated.

The military inactivity is credited here to the fact that the Japanese are concentrating all their attention on Port Arthur.

It is rumored that the mikado has recalled General Nogi and has ordered Field Marshal Yamagata to assume command of the besiegers at Port Arthur.

BAD WRECK IN NEBRASKA.

Nine Persons Injured in Collision of Trains.

Pawnee City, Neb., Aug. 24.—A bad wreck occurred Tuesday at Violet, six miles west of here on the Burlington. No. 15, a passenger train, was standing on the track, expecting No. 16 to take the siding, but for some reason, No. 16 kept the track and ran into No. 15. The engines of both trains were badly smashed up, but no one was killed. Nine passengers were injured, three of them seriously, but it is thought none fatally. No. 16 was heavily loaded. The injured were attended by the company's surgeon and taken to Wymore.

It is claimed the air brakes on No. 16 failed to work and the engineer could not stop his train.

TRAGEDY IN NEW YORK CITY.

George Boyce Kills His Wife, His Baby and Himself.

New York, Aug. 24.—George Boyce, his wife and their six-months-old baby were found dead last night in a tenement house in West Sixty-second street. All three had been shot to death. A revolver lay on the floor near the body of the man. From this the police believe that the man killed his wife and child and then himself.

IMPERIAL MANIFESTO

RUSSIAN RULER EXTENDS BENEFITS TO THE SUBJECTS OF HIS REALM.

St. Petersburg, Aug. 24.—The manifesto of Emperor Nicholas on the occasion of the birth of an heir to the throne, the text of which is published this morning, is a very lengthy document. It is exceedingly liberal in the benefits to be bestowed on many classes.

One of the most important provisions relates to the entire abolition of corporal punishment among the rural classes and its curtailment in the army and the navy.

The remission of land purchase arrears affects one of the largest classes of the population throughout the empire and its benefits are also extended to estates in Poland. The amelioration of the conditions which prevail in Finland are more extensive than had been expected and include the establishment of a state land fund, amnesty for various offenses, remission of penalties inflicted for noncompliance with the conscription acts and for emigration without permission.

The general provisions of the manifesto include an all-round reduction in sentences for common law offenses, a general amnesty for political offenses, except in cases of murder, and the education of children of officers and soldiers who have been victims of the war, as well as assistance for such families as need it whose breadwinners have fallen in the service of their country.

MINNESOTA FOR ROOSEVELT.

Timothy E. Byrnes Also Says All Congressmen Will Be Republican.

New York, Aug. 24.—Chairman Cortelyou Tuesday discussed the political situation in the Northwest with Timothy E. Byrnes of Minneapolis. Mr. Byrnes told him that Minnesota was very strong for Roosevelt and would also send a solid Republican delegation to the house.

Representative James T. McCleary of Minnesota also called at headquarters. He will probably campaign in Maine and Vermont.

Public Land Sale.

Washington, Aug. 24.—Records of the land office for the fiscal year ended June 30, 1904, show that 16,255,892 acres of public lands were disposed of during the year, as compared with 22,650,928 acres last year. The total cash received for these lands was \$8,795,892. North Dakota led in acres disposed of; Oregon in cash received.

TIME LIMIT EXPIRES

AND THE RUSSIANS HAVE NOT DISARMED THEIR SHIPS AT SHANGHAI.

JAP FLEET OUTSIDE HARBOR

CHINESE OFFICIAL ORDERS REPAIRS ON THE ASKOLD TO BE STOPPED.

Shanghai, Aug. 24.—Noon Tuesday, the final time limit allowed by taotai of Shanghai for the Russian cruiser Askold and the torpedo boat destroyer Grozovoi to disarm, passed without compliance with his order.

A meeting of the foreign consuls was held Tuesday but the Russian consul general, M. Kleinmenoff, was absent and no definite course of action was decided upon.

The taotai has requested Sir Pelham Warren, British consul general, to order that the repairs to the Askold be stopped. The British consul general has taken no action as yet. The Askold is being repaired in a British dock.

There is a Japanese fleet outside the harbor awaiting developments.

A visit to the Askold shows that her hull is not in condition to go to sea. The repairs on the Russian cruiser's boilers and funnels has been rushed, but the replacing of damaged plate in her hull has been pursued in a desultory manner.

In view of the circumstances existing here, certain prominent American firms made a request on American Consul General Goodnow for the protection of cargo and wharves near the Askold. This request was forwarded by Mr. Goodnow to Rear Admiral Stirling, in command of the American fleet here, who has the matter under consideration.

No uneasiness is felt by the foreign residents of Shanghai, but the Chinese are excited.

London, Aug. 24.—The correspondent of the Times at Peking says that the Wai Wu Pu (Chinese foreign board) is trying to arrange a compromise by which Japan shall be induced to permit the Askold to remain at Shanghai until Sunday next, when the tides will permit the cruiser to cross the bar.

PAYNE IGNORES SUMMONS.

Postmaster General Refuses to Be a Witness in Case Against Depew.

Chicago, Aug. 24.—Postmaster General Henry C. Payne was Tuesday served with a summons to appear in justice court in this city on Aug. 26 as a witness in a case against Chauncey M. Depew. The postmaster general did not receive the summons with pleasure and informed the constable, John Simons, that he would ignore it entirely.

"Not only did he say that," declared Simons, "but when I offered him 50c and added 10c for mileage he threw the money in my face."

Last June when Senator Depew was in Chicago attending the Republican national convention he was sued by S. G. Hubbard of this city, who declared that he had in some manner been defrauded by the Penny Publishing company, with which he asserted Senator Depew had been connected in 1892. The case was continued until Aug. 26 and ever since the constable has been trying to serve a summons on Postmaster General Payne.

ECHOES OF THE TORNADO.

Reports of Further Damage From Various Points.

St. Paul, Aug. 24.—Reports of the damage inflicted by the tornado of Saturday night are still reaching St. Paul. Every message adds to the loss of life and property, while the list of injured will, in all probability, never be known. Hundreds have suffered minor injuries, while several are reported to be in a dying condition.

The town of Clark, S. D., is almost wiped off the face of the earth, but, strange to say, no one was killed there. The air was filled with flying timbers and debris, electric wires down in every direction and buildings, both of stone and brick, falling in every block.

The loss at Fennimore, Wis., will easily reach \$50,000, while it will take a like figure to cover the damage at Bryant, S. D.

Late reports from Glencoe, Minn., indicate that over 150 farms, covered with crops almost ready to harvest, were practically put out of business by the raging elements.

CHANGE MADE SMOOTHLY.

New Currency System a Success in the Philippines.

Washington, Aug. 24.—When the currency system was proposed for the Philippines there were predictions in some quarters that the conservative islanders could not be readily induced to surrender the Mexican dollar and the Spanish coin with which they had been familiar for so many years in favor of the new Philippine peso proposed by the commission. But reports received here show that the change has been made smoothly and more expeditiously than was thought possible.

Henry C. Ide reports that business houses have adopted the new currency and the people object strenuously to taking any other.

PLAN FOR NATIONAL CAMPAIGN.

Judge Parker Approves That of Democratic Committee.

Esopus, N. Y., Aug. 24.—Plans for the national campaign were laid before Judge Parker Tuesday by Delancey Nicoll of New York, vice chairman of the Democratic national committee, who called at Rosemount by invitation and who, with Mrs. Nicoll, spent the afternoon with the candidate and his family. Judge Parker approved everything that has been done and all that the committee has in contemplation. He was enthusiastic over the campaign work. The report carried to Rosemount by Mr. Nicoll indicates the close of the Murphy-McCarren feud in Greater New York. He said that the appointment of Victor J. Dowling as a member of the state executive committee and the head of a bureau of organization which will have charge of the city campaign, is satisfactory to Charles F. Murphy, leader of Tammany Hall, who will do his utmost for the success of the national ticket.

Four members of a special committee of seven appointed by the reform club of New York to call upon Judge Parker, called at Rosemount and extended the candidate an invitation to speak under the club's auspices in case he decided to make speeches during the campaign. Judge Parker told his visitors that he is yet undecided as to what he will do, but that later he may be glad to avail himself of the club's invitation.

MRS. MAYBRICK IN AMERICA.

Arrives at New York on the Steamer Vaderland.

New York, Aug. 24.—On board the Red Star line steamer Vaderland, which arrived during the day from Antwerp, was Mrs. Florence Chanter Maybrick, recently released from prison in England. Mrs. Maybrick was entered on the passenger list as Mrs. Rose Ingraham, a name which she took from her great grandparents. This precaution was not designed to evade official inquiry, but merely to avoid annoying observation on the part of fellow passengers. While she made no secret of her presence on board and appeared frequently about the decks and saloon very few were aware of her identity. She is accompanied by Mr. and Mrs. Samuel V. Hayden. Mr. Hayden is her attorney. Mrs. Maybrick issued a statement warmly thanking her friends for their efforts in her behalf.

AND FORTY-FIVE PEOPLE ARE INJURED.

Trenton, Mo., Aug. 24.—Chicago, Rock Island and Pacific train No. 3, the westbound passenger due to reach Kansas City from Chicago at 8:15 o'clock in the evening, but which was slightly late, was derailed near the crusher plant just west of Princeton, twenty-four miles north of here, Tuesday afternoon, injuring forty-five persons, two of whom are in a dangerous condition. The dangerously injured are: W. C. Roby, Allerton, Ia., and J. W. S. Dunham, Washington, Ia., postal clerk.

The wreck occurred at 3:20 o'clock. Four cars, the mail, baggage and smoking car, and one coach left the track. The mail car and smoker turned over and fell down an embankment. The baggage car and the coach are still standing with one end on the dump.

CUSTOMS LAWS VIOLATED.

Thousands of Dollars Worth of Goods Found on Naval Transport.

San Francisco, Aug. 24.—Extensive violations of the customs laws have been unearthed here by customs inspectors who searched the United States naval transport Solace, which arrived last Friday from Manila, Guam and Honolulu. Forty-one seizures were made, amounting in value to several thousand dollars, including cigars, silks, embroideries, decorated porcelain and Japanese curios. Among the persons to whom dutiable goods were addressed were a number to United States naval officers.

Passenger Train Wrecked.

Chippewa Falls, Wis., Aug. 24.—The 11:30 limited from St. Paul on the Wisconsin Central ran into a Milwaukee freight train near this city Tuesday, doing considerable damage. The passengers were badly shaken up, two persons being thrown from the train into a mudhole beside the track.

Section Man Killed.

St. Paul, Aug. 24.—While shoveling dirt between tracks in the railroad yards at the foot of Dayton's bluff, John Nelson, a section man employed by the Milwaukee, was killed Tuesday by the engine of an incoming Burlington passenger train.

TEAMSTERS STAY OUT

PACKINGHOUSE DRIVERS VOTE

DOWN A MOTION THAT THEY

RETURN TO WORK.

STRIKER FATALITY WOUNDED

CATTLE BUTCHER SHOT BY ONE

OF THE NONUNION FIREMEN

AT CHICAGO.

Chicago, Aug. 24.—The members of the teamsters' union who have been on strike for several weeks in the effort to aid the striking butchers at the stockyards, held a protracted meeting last night to determine whether or not they should withdraw from the strike. The meeting lasted until after midnight and at times the arguments were heated. It was finally decided that the teamsters as a body would refuse to give any further assistance to the strike and the question of remaining on strike or of going back to work was left to the vote of the various local unions.

A motion that the packinghouse teamsters return to work was voted down and it was decided to allow matters to remain as they are, so far as the teamsters are concerned.

Another shooting affray that probably will cost a life, marked the progress of the stockyards strike last night, and in addition the second killing of the long struggle was recorded in the death of one of the men who was wounded in the train riot of last Saturday evening.

The man who was shot, and whose life is despaired of, is Albert Grohn, a striking cattle butcher. He was wounded in the stomach late in the afternoon at Fifty-second street and Wentworth avenue, and the man who fired upon him is said to have been Charles Morrell, a nonunion fireman employed at the Nelson Morris power house. Morrell escaped.

The man who died as a result of the train riot was Dennis Ryan.

Booker T. Washington has been appealed to by leaders of the stockyards strikers and labor union officials in Chicago to use his influence in inducing negroes to refrain from working at the packing plants until the industrial conflict is at an end.

CLOUDBURST IN COLORADO.

Passenger Train Wrecked and Several Persons Injured.

Denver, Aug. 24.—A cloudburst on the Tonaph and Carson and Colorado railways washed out several miles of track, completely suspending traffic on the Tonaph road. Twenty miles of track south of Cedarville, on the Carson and Cedarville railway, were washed completely away by the wall of water that rushed down the valley. The eastbound train of the Tonaph road was caught near Cedarville and badly wrecked, the engine and one coach rolling down the embankment. Several passengers sustained slight injuries.

Head Severed by a Train.

Rawlins, Wyo., Aug. 24.—William T. McGinnis of Lander, Wyo., has been found dead on the railroad at Ridge. His head had been severed from his body by a train. The authorities believe the man was murdered and robbed before the decapitation occurred.

80 PER CENT OF THE ADULT POPULATION SUFFER FROM ONE PAINFUL AILMENT.

Think what this means. Imagine the amount of misery that exists and is endured simply because people do not know there is an absolute cure.

The only way to cure any complaint is to remove the cause. There are very few diseases or ailments that can be cured by external application—and piles is not one of them. Piles can be cured; the treatment must, however, be internal, for the cause of piles is an internal disorder of the liver or the bowels. Even catarrh of the stomach and bowels can be cured by DR. PERRIN'S PILE SPECIFIC, The Internal Remedy. Here is an instance of what this practically infallible remedy will do:

Dr. C. A. Perrin, Helena, Mont.—Dear Sir: I have nearly finished the former bottle of Perrin's Pile Specific and am practically well. My case was one which most physicians would have pronounced incurable, as I was afflicted with a dysentery and compelled to go to the toilet room from three to five times each day and each time would bleed from one-half to one teaspoonful. I had to resort to bandages and absorbent cotton to check the flow of blood, and now the past ten or twelve days there has been no sign of bleeding and my appetite is good; have gained ten pounds in weight and feel like a new lease of life was given me.

Very truly yours,

T. R. HARRIS,

October 20th, 1902. Verington, Nev.

Dr. Perrin's Pile Specific is sold by all reliable druggists at \$1.00 the bottle, under an absolute guarantee to refund the money should this great internal remedy fail to cure.

Mrs. M. G. Blake, of West Brainerd, says: "I suffered a great deal from inflammation of the kidneys and I grew worse in place of better. My back in the region of the kidneys was sore, lame and hurt me very much, an aching pain being ever present. The kidney secretions were dark in color and on standing deposited much sediment. When Doan's Kidney Pills were advertised I sent my son for a box. I was a little afraid I would not be able to use them for I cannot take some kinds of medicine. I found, however, that they were mild in their operations and did not produce any bad effects. Before taking them very long the kidney secretions became healthy in color, all deposit was removed and the soreness and pain were replaced by a perfectly comfortable feeling."

A CARDBOARD WOMAN

THE MALIGN INFLUENCE OF A MUMMY CASE FROM EGYPT

Queer Sequence of Events and Hard Luck Experiences That Appeared to Be Unhappy Legacies to Those Interested in Its Custody.

In a corner of the first Egyptian room at the British museum, behind the crouching body of the prehistoric chief who lived before there were pharaohs in Egypt or pyramids on the Nile, stands a woman molded from some ancient form of cardboard. She is merely a shell, the cover of a mummy case. Her hands are crossed above her breast, and her dark eyes stare forward into vacancy.

According to the catalogues she is No. 22542, a problematical royal personage and a priestess of the College of Amen Ra. She lived in the mighty city of Thebes some 1,600 years before Christ.

And about this same coffin cover there hangs as terrible a story as ever an Edgar Allan Poe or a Balzac or a Kipling produced from a gloomy imagination.

If you question the attendants in the first Egyptian room they will shake their heads and say nothing. But there is a famous professor in the museum who knows that the facts are true, though whether they be a coincidence or a manifestation of supernatural power who can say? He says:

"For three months I have been gathering the tangled threads of evidence. I have now in my possession proofs of the identity of all those who suffered from the anger of the priestess of Amen Ra. But for the sake of friends and relatives I have been requested to suppress the names.

"About the middle of the sixties of the last century a party of five friends took ship in a dahabeah for a trip up the Nile. They traveled to Luxor on their way to the second cataract, and stayed there to explore the ruins of the great and wonderful city of Thebes, with its avenues of sphinxes and ruins, its vast hall of columns and its temple to Amen Ra, which is unequalled on earth in the sublimity of its ruined magnificence.

"One night an Arab sent by Mustapha Aga came to one of their number, Mr. D., as we may call him, saying that he had just found a mummy case of unusual beauty. What became of the mummy the man did not explain. The next morning Mr. D. bought the case. Both he and his companions were impressed by its remarkable beauty and by the curious face of the woman portrayed, a face that was filled with a cold malignancy of expression unpleasant to witness.

"They had agreed that, being all interested in Egyptology, they should apportion their finds by lot, and so, though Mr. D. had been the cause of its discovery, he lost the mummy cover, which passed to a friend, whom we will call Mr. W.

"It was on their return journey that the series of misfortunes commenced. Mr. D.'s servant was handing him a gun, when without visible cause it exploded, the charge lodging in his arm, which had to be amputated; a second died in poverty within the year; a third was shot, while Mr. W., the owner of the mummy case, discovered on his arrival in Cairo that he had lost a large part of his fortune. He died soon afterward. The priestess of Amen Ra had signified her displeasure in a very convincing manner.

"From the date it was shipped on board the steamer Mr. D. lost sight of the mummy case for several years. He did not at the time in any way associate the misfortunes that had occurred to the party with its discovery, but when he next heard of it and had full information of the disasters which had been subsequently associated with its possession he began to suspect that it was not merely chance, not merely a coincidence, that had brought so sinister a fate on all who had dealings with the priestess of Amen Ra.

"On the arrival of the case in England it was given by its owner, Mr. W., to a married sister living near London. From the day the case entered the house misfortune followed misfortune. The family suffered large losses, and the end came with painful troubles which need not be specified.

"The lady while in possession of the case received one day a visit from Mme. Blavatsky. The great theosophist became very disturbed on entering the room, and after a few minutes' conversation told her hostess that there was something in her house possessed of a most malignant influence. She asked to be allowed to search the house and on discovering the coffin lid appealed to her hostess to send away an object which she described as of the utmost danger. Her hostess, however, refused, laughing at what she imagined to be an example of foolish superstition.

"Some time afterward the lady sent the case to a well known photographer in Baker street. Within a week the chief of the firm came down to this lady's house in a state of great excitement. He had, he said, photographed the face with the greatest care, and he could guarantee that no one had touched either the negative or the photograph in any way, yet it was not the cardboard features that looked out of the photograph, but a living Egyptian woman staring straight before her with an expression of singular malevolence. Shortly after the photographer died suddenly and mysteriously.

"It was about this time that Mr. D. happened to meet the owner of the coffin lid and begged her upon hearing her story to get rid of it at once. She agreed, and a carrier was found to convey it to the British museum. This carrier died within a week."—London Express.

A GALA DAY

IN ELKDOM

Anniversary of Organization of Lodge Fittingly Commemorated Yesterday

ST. CLOUD WINS BALL GAME

By a Score of 6 to 3—Social Session Last Night Was Very Largely Attended.

The day yesterday—Elks' anniversary day—was auspiciously observed, and while there was not quite as much outward demonstration as in previous years there was a carefully prepared program for the afternoon and evening which was heartily enjoyed.

The social session last evening was the event of the day, of course, and a very fine program was carried out. It is regretted that all the addresses given cannot be published, as they were gems of wit, humor and oratory. Hon. John Frater, than whom there are none more honored among Elks, was appointed master of ceremonies. The program was started early and it was nearly 12 o'clock before it was finished, but no one seemed to be very tired and all could have stayed just a little longer.

The addresses of the evening were given by Mayor Halsted, Judge Fleming, Col. C. D. Johnson, Judge Sanborn and Rev. Richard Brown. All were good and were very much enjoyed. Rev. Richard Brown, who is now a full fledged Elk, infused a little life into the program and his talk was generally thought to be one of the best ever heard in the hall.

The entertainment committee had not overlooked the musical features of the program and some excellent numbers were rendered. A distinguished guest present last evening was Prof. Woodard, of Minneapolis. He has a fine voice, well trained and he gave two or three selections. He was obliged to respond twice to encores. The Elk band was prompt and on hand and furnished excellent music throughout. Exalted Ruler Mattes gave a solo and was obliged to respond to an encore. Messrs. Sykora and Theriault gave a cornet duet and were obliged to respond to an encore. Judge Alderman, always good, rendered two selections in his usual fine style. A. O. Vachon, of Aitkin, gave an excellent piano solo and was given a good round of applause. Joe Murphy was in excellent voice and delighted the members present with a selection. Taken all in all it was one of the best programs ever given in Elks' hall.

There was something else down on the program which was also good. There was a five round glove contest between Prof. Kelley and another local celebrity and it was very good.

Following the program an excellent banquet was served and everyone partook bountifully.

THE BALL GAME.

The St. Cloud Elks came up to play a game with the local Elk team and went home victorious. The score was 6 to 3. It was a very good game, considering the fact that many of the players, especially on the local team, have not played much together and have not been doing much practicing of late. A. Hammerel, of St. Cloud, was the artist on the slab for the down river team and E. H. Krelwitz, of Aitkin, did the twirling for the locals. They were both very good, but it is thought that Hammerel had the shade the best of it. Krelwitz was touched up for eleven hits while Hammerel was found for nine of them. Krelwitz struck out seven men and Hammerel fooled the same number.

There was one time during the game when it looked as though there would be something doing from the Brainerd side. It was in the seventh inning when four hits were made off Hammerel and it looked as though there would be that many runs. This would have put Brainerd in the lead. Krelwitz was the first man up but he went out from Hammerel to H. Wire at first, Desmond singled and got around to third, but was caught here trying to steal. Manderon hit safe and Murphy up singled again. This made things ripe for some doings and when Captain Peetz slammed out a slashing single two runs were scored. To add to the fond expectations Fritz Hagberg up secured free transportation to the initial sack and then the fans went wild for S. E. Engbretson was up and it was thought that he would surely do something and bring in the two men on bases, but fate ruled otherwise and Sam struck out.

This was really the only thrill in the game. There was just a fair crowd out. Just before the game the Elk band made a hit by appearing in ragmuffin costumes on the streets, the inimitable Al. Mattes acting as drum major dressed in good old Dutch regalia.

GERMANIA MAENNERCHOR

An Increased Interest is Being Manifested in this German Singing Society of Brainerd.

In view of the fact that St. Paul has secured the next great sangerfest, the local German singing society known as the Germania Maennerchor is making great efforts to increase its membership of active singers and is practicing every week in order to make a good showing when the prize singing takes place at the capital city. A GALA DAY

IN ELKDOM

Anniversary of Organization of Lodge Fittingly Commemorated Yesterday

ST. CLOUD WINS BALL GAME

By a Score of 6 to 3—Social Session Last Night Was Very Largely Attended.

The day yesterday—Elks' anniversary day—was auspiciously observed, and while there was not quite as much outward demonstration as in previous years there was a carefully prepared program for the afternoon and evening which was heartily enjoyed.

The social session last evening was the event of the day, of course, and a very fine program was carried out. It is regretted that all the addresses given cannot be published, as they were gems of wit, humor and oratory. Hon. John Frater, than whom there are none more honored among Elks, was appointed master of ceremonies. The program was started early and it was nearly 12 o'clock before it was finished, but no one seemed to be very tired and all could have stayed just a little longer.

The addresses of the evening were given by Mayor Halsted, Judge Fleming, Col. C. D. Johnson, Judge Sanborn and Rev. Richard Brown. All were good and were very much enjoyed. Rev. Richard Brown, who is now a full fledged Elk, infused a little life into the program and his talk was generally thought to be one of the best ever heard in the hall.

The entertainment committee had not overlooked the musical features of the program and some excellent numbers were rendered. A distinguished guest present last evening was Prof. Woodard, of Minneapolis. He has a fine voice, well trained and he gave two or three selections. He was obliged to respond twice to encores. The Elk band was prompt and on hand and furnished excellent music throughout. Exalted Ruler Mattes gave a solo and was obliged to respond to an encore. Messrs. Sykora and Theriault gave a cornet duet and were obliged to respond to an encore. Judge Alderman, always good, rendered two selections in his usual fine style. A. O. Vachon, of Aitkin, gave an excellent piano solo and was given a good round of applause. Joe Murphy was in excellent voice and delighted the members present with a selection. Taken all in all it was one of the best programs ever given in Elks' hall.

There was something else down on the program which was also good. There was a five round glove contest between Prof. Kelley and another local celebrity and it was very good.

Following the program an excellent banquet was served and everyone partook bountifully.

THE BALL GAME.

The St. Cloud Elks came up to play a game with the local Elk team and went home victorious. The score was 6 to 3. It was a very good game, considering the fact that many of the players, especially on the local team, have not played much together and have not been doing much practicing of late. A. Hammerel, of St. Cloud, was the artist on the slab for the down river team and E. H. Krelwitz, of Aitkin, did the twirling for the locals. They were both very good, but it is thought that Hammerel had the shade the best of it. Krelwitz was touched up for eleven hits while Hammerel was found for nine of them. Krelwitz struck out seven men and Hammerel fooled the same number.

There was one time during the game when it looked as though there would be something doing from the Brainerd side. It was in the seventh inning when four hits were made off Hammerel and it looked as though there would be that many runs. This would have put Brainerd in the lead. Krelwitz was the first man up but he went out from Hammerel to H. Wire at first, Desmond singled and got around to third, but was caught here trying to steal. Mander-son hit safe and Murphy up singled again. This made things ripe for some doings and when Captain Peetz slammed out a slashing single two runs were scored. To add to the fond expectations Fritz Hagberg up secured free transportation to the initial sack and then the fans went wild for S. E. Engbretson was up and it was thought that he would surely do something and bring in the two men on bases, but fate ruled otherwise and Sam struck out.

This was really the only thrill in the game. There was just a fair crowd out. Just before the game the Elk band made a hit by appearing in ragmuffin costumes on the streets, the inimitable Al. Mattes acting as drum major dressed in good old Dutch regalia.

The following is the summary of the game:

St. Cloud	AB	R	H	PO	A	E

SENSATION IN WASHINGTON.

Petition in Bankruptcy Filed Against Real Estate Agent.

Washington, Aug. 24.—A sensation was caused in financial and real estate circles in this city Tuesday when it became known that a petition in bankruptcy had been filed by three of the leading national banks of the city against Thomas E. Waggaman, a prominent real estate and insurance agent of this city, and treasurer of the Catholic university. The petition at the same time seeks to set aside a deed of trust recorded Monday on Mr. Waggaman's property, of approximately \$876,000 in favor of the Catholic university on the ground that it is void, as being an attempt by an insolvent debtor to prefer one of his creditors. The petitioning banks were the Second National, the National Metropolitan and the National Bank of Washington, each of which alleged it held overdue and unpaid paper of Mr. Waggaman, the total held by the three exceeding \$40,000, of which \$30,000 is due the Metropolitan bank. It is probable that the proceedings are the beginning of considerable litigation. Mr. Waggaman had been in the real estate business since 1893 and was generally reported to be a man of large means.
